LOOPY – a spelling game

You have to take turns saying a letter to make a word.

The aim is to make the other player finish the word. When it is your turn, you shouldn't say any letter that can be the last letter of a word. 3 letter words are not allowed.

Player 1 finished the word and lost the first round.
He gets the letter L. If he loses again, he will get the letter O. The player who loses 5 rounds will have all 5 letters of LOOPY and loses the whole game.
