Quick activity

Race for words

Divide the class in two teams and decide which game you would like to play.

Game 1 or game 2.

The teams have one minute per category to write down as many words they can think of. After each minute, stop the students, read out the following category and restart the timer straight away.

Once finished let them compare their results.

- | | |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| <ul style="list-style-type: none">• words that start with fl –• 5 letter words• words ending in -ay• words that rhyme with each other (ask/mask sad/mad)• words with 3 syllables | Game 1 |
